Dear Village of Moravia Officials:

On behalf of the Region II Office of the Federal Emergency Management Agency (FEMA), we would like to thank you for taking the time to host and attend the kick-off meeting to discuss levee flood hazards for the Village of Moravia on September 18, 2017. We appreciate both your time and input as we begin this important process.

As discussed, we are working to form the Local Levee Partnership Team (LLPT). If you **would NOT like to participate on the LLPT**, please notify me, and we will remove you from the list.

For your reference, please review [Meeting the Criteria](#), as well as the following materials attached to this email:

- Presentation notes that include follow up items and attendance sheet;
- Presentation from our first meeting

Specifically, please let us know if you have any feedback on the notes, and, if we do not hear from you, we will consider these notes as final. We do realize that this is a lot of information to digest, and we urge you to reach out should any comments or concerns arise.

We have also set up an FTP site for this project, so please share any data you may have that would be useful or relevant to this project. Login credentials are listed below:
